

## Programs Offered by University Campus for 2022-2023

Master's and Ph.D. programs that accept students are announced each academic year based on each faculty's discretion and needs.

### Ph.D. Programs Offered by University Campus for 2022-2023

Faculty	Field
Faculty of Humanities	French Language Teaching
	Psychology
	Political Geography - Geopolitics
	Political Geography - Political Spatial Planning
	Sports Physiology - Physiology of Pure Sports Activities
	Sports Management - Sports Marketing Management
	International Relations
Faculty of Management and Economics	Econometrics - Economics
	Health Economics
	Accounting
	Public Administration - Organizational Behavior
	Business Administration - Marketing Management
	Industrial Management - Operations Research
	Information Technology Management - Business Intelligence
	Science and Technology Policy
Knowledge and Information Science - Knowledge Management	
Law	Private Law
	Criminal Law and Criminology
	International Trade and Investment Law - Economic-Financial Emphasis
Faculty of Basic Sciences	Tectonic Geology
	Engineering Geology
	Physical Chemistry
	Physics - Condensed Matter Physics
	Physics - Optics and Laser
Faculty of Biological Sciences	Biochemistry
	Genetics
Mathematical Sciences	Pure Mathematics - Analysis
	Pure Mathematics - Geometry

	Pure Mathematics - Algebra
	Applied Mathematics
	Computer Science - Data Mining
	Computer Science - Algorithm and Computation Theory
Faculty of Engineering	Mining Engineering - Mineral Extraction
	Mining Engineering - Mineral Processing
	Materials Engineering - Materials Identification and Selection
	Materials Engineering - Corrosion and Materials Protection
Faculty of Mechanical Engineering	Mechanical Engineering - Manufacturing and Production
	Mechanical Engineering - Applied Design - Solid Mechanics
	Mechanical Engineering - Applied Design - Dynamics, Control, and Vibrations
	Mechanical Engineering - Energy Conversion
	Aerospace Engineering - Aerodynamics
	Aerospace Engineering - Aeronautical Structures
	Aerospace Engineering - Propulsion
	Aerospace Engineering - Flight Dynamics and Control
Faculty of Electrical and Computer Engineering	Electrical and Electronics Engineering - Micro and Nano Electronics Devices
	Electrical and Electronics Engineering - Integrated Circuits
	Power Engineering - Power Systems
	Power Engineering - Power Electronics
	Telecommunications Engineering - Field
	Telecommunications Engineering - Systems
	Control Engineering - Control Systems
	Control Engineering - Industrial Automation
Biomedical Engineering - Bioelectronics	
Faculty of Chemical Engineering	Petroleum Engineering - Reservoirs
Faculty of Agriculture	Water Sciences and Engineering - Hydraulic Structures
Faculty of Natural Resources and Marine Sciences	Environmental Science - Environmental Pollution
Faculty of Art	Urban Engineering
	Art Research
	Project Management and Construction
	Architecture Engineering
	Landscape Architecture
